

In "And thus all Israel will be saved", I made mention of Dr. Sam Waldron's extensive work on the doctrine of eschatology and provided links to three of his books and a sermon devoted to that subject. Covenant Baptist Theological Seminary has now made Dr. Waldron's entire 17 lecture course on 'The doctrine of last things' available online for free. According to [Monergism.com](https://monergism.com),

"The first three lectures cover something of an historical overview of the Church concerning eschatology. This is a very helpful foundation for our understanding. To know that we are engaging in a conversation that has been going on for centuries, gives us a knowledge of the structure of the debate, setting the boundaries for what is and what is not to be regarded as 'heresy', as well as a right and appropriate sense of humility as we approach the Scriptures ourselves."

And Pastor John Samson remarks that

"...This course, taught by Dr. Sam Waldron, is outstanding, giving a comprehensive overview of the subject from both an historical and theological perspective. I recommend the series wholeheartedly and pray that God will use it to further the cause of His truth in the midst of much deception in our own day."
